- * Comment. The conversion of this branch line into a main line was previously reported. The present report indicates further progress on the conversion of this line.
- ** Comment. The meaning of the formula is: K 49 Br - heavy type rail with broad head; 30 - the length of the rail is 30 meters; and 45 H - 45 ties will have to be laid for each rail length.
- *** Comment. The previous cost estimate was 10,000,000 Ostmark for the fiscal year 1950. The improvement of the railroad station may therefore be postponed until 1951.
